Toll Plazas open amid protests

Congress workers, pro-Kannada activists attempt to lay siege at Kaniminike near Bidadi, Sheshagirihalli near Ramanagar on the Highway

Mysuru, Mar. 14 (RK&BS)- Tension prevailed for over an hour as the National Highways Authority of India (NHAI) started collecting toll on 56-km section of Bengaluru-Mysuru Expressway till Nidaghatta from 8 am today, with Congress workers, pro-Kannada activists and other organisations making a bid to lay siege to Toll Plazas on the Highway, bringing the traffic to a grinding halt. The issue flared up two days after Prime Minister Modi dedicated the Expressway on Mar.12 at Gejjalagere near Mandya, claiming that the BJP led NDA Government is building Highways across the country.

Activists of pro-Kannada organisations attempted to lay siege to the Plaza near Kaniminike in the outskirts of Bengaluru, only to be thwarted by heavy Policemen, who had turned the Plaza into a fortress.

The technical glitches at the Toll Plaza made FASTag redundant and forced the card holders to pay the toll by cash.

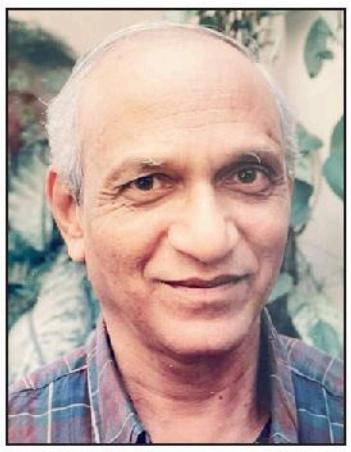
Former Ambassador
A. Madhavan passes away



A. Madhavan

Mysuru, Mar. 14- A. Madhavan (89), former Indian Ambassador to Japan and Germany and a resident of Yadavagiri, passed away in city on Mar. 12. He suffered a cardiac arrest in the ICU where he was being treated for injuries from a fall at home.

He leaves behind his wife Girija Madhavan, *SOM* Columnist who writes under 'Mysore Memories' and 'Looking Back,' one son, daughter-in-law, grandchildren and a host of relatives and friends.

Born in 1933 to Justice M. Anantanarayanan and Akhilandeshwari, Madhavan studied at K.S. High School in Thanjavur and Loyola College in Madras (now Chennai) and had also studied at Trinity College in Cambridge.

After passing UPSC exams, Madhavan joined the Indian Foreign Service (IFS) in 1956 and held many posts in Peking, London, Hong Kong and a year as Fellow at Harvard University.

He also served as Deputy Chief of Mission in Moscow.

After retiring from Government Service in 1991, Madhavan had served as the Director of the prestigious India International Centre for three years.

He loved the cultural ambience of Mysuru, learnt Kannada through a teacher and had made Mysuru his home.

Last rites will be held tomorrow (Mar. 15) at 10.30 am at Mukthidhama in Vijayanagar 4th Stage, according to family sources. *[See pic. on page 6]*

EDITOR'S BOTTOMLINE

The government's decision to create a regulatory framework for crypto assets is an important step towards creating a rule-based system in an area of finance that has been mostly unmanaged. It was decided last week to bring the intermediaries dealing with crypto assets within the ambit of the Prevention of Money Laundering Act (PMLA). They will now have to ensure that KYC standards are followed, as in the case of other assets, and report suspicious transactions. Crypto assets have steadily increased in the last few years, and they have registered a steep increase after the COVID pandemic. India, with an estimated 98 million crypto owners, is number one in the world in their ownership. That makes it important to regulate their transactions because there is a possibility of misuse, which can damage the economy. Crypto assets can hurt the economy just as black money can. If money laundering with crypto assets is detected, the penalties will include large fines, imprisonment up to seven years, and seizure and attachment of assets. This can act as a deterrence against trade in crypto assets.

Illegal transactions have been detected in the past. The government told the Lok Sabha recently that some crypto exchanges had been found money laundering, and assets worth Rs. 936 crore had been seized as on January 31. Crypto assets can be misused in many ways, especially because of their anonymity and the speed of transactions across national borders. Some countries have banned them, others have tried to regulate them, and yet others are considering how to deal with them. This situation is likely to be exploited. There is the need for a regulatory system with globally recognised and accepted principles and procedures. The government's intention now seems to be to regulate the trade but not to ban it altogether. A ban may push the trade underground.

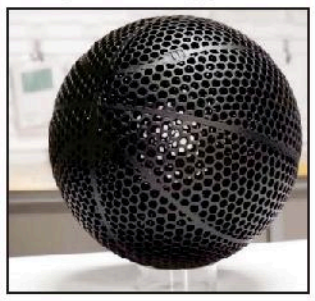
Basketball with airless see-through prototype



New York: Sports equipment giant Wilson recently unveiled a 3D-printed basketball prototype that does not need to be inflated and features a see-through lattice design.

Basketball technology has come a long way since the early days of the sport when real stitched leather was used as the main material, but Wilson is trying to change the game completely with an intriguing concept that completely does away with pneumatic pressure. Instead, the Wilson Airless Prototype relies on the elasticity of its "research-grade" polymer material to produce the same bounce as traditional basketballs. This eliminates the need to inflate the ball to a certain pressure, as well as known problems like puncture risks, and air escaping through the inflation valve over long periods of time.

This department store is a tourist attraction

Ullared: Covering an area as big as five football fields and selling over 100,000 products in 25 different departments, Gekås Ullared is not only the largest department store in the world, but Sweden's most popular tourist attraction by a large margin.

Ullared, a small town in the south of Sweden is home to about 800 people, according to the country's most recent census. It's really not the most beautiful place to visit and yet thousands of people from all over the world flock to Ullared every day. Founded in 1963 by entrepreneur Göran Karlsson, Gekås Ullared currently holds the record for the largest department store in the world. With around 50 lakh visitors per year, it generates significant revenue and one of the most popular in the world.

Why do we have poor voting percentage?

Sir,

I read the first article titled ***"Why should we vote?"*** under the series 'Countdown for State Assembly Election' by Ravi Joshi, formerly in the Cabinet Secretariat, in yesterday's *Star of Mysore* on Page-7. Well-argued to convey the central idea of the need to vote.

The basic question is when most of us (for example, Vice-Chancellors, Political Science, Sociology, History, Economics Professors) have been taught these democracy lessons, why do we have poor voting percentage?

Why many College students are not participating in voting (I plan to have a zoom session with Maharani's Commerce and Management College students) or keeping away from elections?

Why such leading leaders like Nandan Nilekani (co-founder of Infosys), T.N. Seshan (former Chief Election Commissioner), Railway Expert E. Sreedharan (known as the Metro Man), lost elections?

We should not lose hope but strive even more hard.

I learn, Mysore Open Forum (MOF) has convened a meeting under 'Citizens Initiative' at B.N. Bahadur Institute in Manasagangothri on Mar. 18 at 4 pm. Among all those attending the meeting, how many have even considered contesting? If we the professionals keep away from politics, whom are we encouraging to enter politics?

Over 11,000 Pourakarmikas to be regularised in First Phase

State Safai Karmachari Commission Chairman M. Shivanna addressing a meeting at Deputy Commissioner's Office in city yesterday. Deputy Commissioner Dr. K.V. Rajendra, ZP CEO K.M. Gayathri and other officials were present.

Mysuru, Mar. 14 (PM&DM)- State Safai Karmachari Commission Chairman M. Shivanna said that the services of 11,133 direct payment Pourakarmikas serving in Urban Local Bodies in the State will be regularised in the first phase.

He was speaking at a press meet after holding a meeting on Pourakarmika grievances at the Deputy Commissioner's Office here yesterday.

Pointing out that 12,867 more Pourakarmikas will be regularised in the second phase, Shivanna said that the officials have been instructed to mandatorily conduct health check up of Pourakarmikas.

Observing that Pourakarmikas often face health issues because of their nature of work, he said that the authorities have been directed to issue safety kits to Pourakarmikas. A work order for manufacture and supply of area specific safety equipment has been issued, he added.

Stating that spots have been identified for construction of Pourakarmika rest houses, Shivanna said that select Pourakarmikas were recently sent on a study tour to Gujarat and Singapore, following which an action plan on implementing the good ideas found there has been prepared.

Noting that little data was available regarding cleaning personnel (house keeping staff) serving at Government and Private Hospitals, bus stands etc., Shivanna said that a survey of such personnel would be carried out to find out their social, economic and academic status. The survey of such personnel has already begun at Mysuru and Ballari, he said adding that ID cards would be issued to cleaning personnel after completion of the survey.

Continuing, Shivanna said that Pourakarmikas used to get Rs. 20 as breakfast allowance daily, which has now been hiked to Rs. 35. Maintaining that Pourakarmika children are being admitted at Morarji Desai and other private prestigious schools, he said that meritorious Pourakarmika children are presented Pratibha Puraskar at district levels. A documentary on Pourakarmika children who went on to become IAS, IPS Officers and who held or holding other top positions is being made, he added.

DC Dr. K.V. Rajendra said that apart from MCC, the services of 306 Pourakarmikas is being regularised. Also, wages are paid in time along with statutory benefits, he added.

Pointing out that the authorities have been instructed to issue wage slips every month to Pourakarmikas, he said that Community Halls (Samudaya Bhavan) will be let out at a discounted fee for Pourakarmikas celebrating the wedding of their children or other functions.

The DC further said that 158 Pourakarmikas have been selected under Gruha Bhagya Scheme. Also applications were invited for appointment of 205 Pourakarmikas, following which a provisional list of 170 candidates has been published, for which objections, if any, has been invited.

Zilla Panchayat (ZP) CEO K.M. Gayathri, the Commission Secretary Chandrakala, Social Welfare Department Joint Director Rangegowda and others were present.

Indefinite stir by KSRTC Workers Federation from Mar. 21

Mysuru, Mar. 14 (SPN&KS)- Alleging delay in fulfilling their 8-point charter of demands including salary revision of staff of all the four Transport Corporations — KSRTC, BMTC, NWKRTC and KKRTC — the KSRTC Staff and Workers Federation and other KSRTC Unions have decided to stage an indefinite strike from 6 am on Mar. 21.

The decision to stage indefinite stir was taken by KSRTC Staff and Workers Federation, Akhila Karnataka State Road Transport Employees Maha Mandali, KSRTC Employees Federation (CITU), KSRTC and BMTC United Employees Union, KSRTC SC and ST Employees Association and KSRTC SC/ST Officers and Employees Welfare Association among other associations. On Feb. 21, 2023, during the launch of Ambari Utsav buses, KSRTC associations had submitted a memorandum to Chief Minister Basavaraj Bommai and the Chief Minister had assured of holding talks with KSRTC employees after the State Budget and increase the pay of KSRTC employees.

Accordingly, a meeting with the officials, chaired by Transport Minister B. Sriramulu was held on Mar. 8 and an assurance was given to hike the wages.

As there was no assurance from the State Government in this regard, an indefinite stir will be held from 6 am on Mar. 21, according to the memorandum submitted to the CM.

Election of MCC Standing Committee heads postponed for fifth time in a row

Mysuru, Mar. 14 (RK&DM)- The polls to elect the Chairmen of Mysuru City Corporation (MCC) Standing Committees was postponed for the fifth time in the current Mayor's term on Monday as the Mayor and BJP Corporators stayed away. The previous meeting, the fourth one scheduled on Feb. 2, too was postponed as the Mayor and BJP Corporators had abstained.

Following a direction from Mayor Shivakumar, MCC Council Secretary Rangaswamy had issued notification on Mar. 4 for electing the heads of four Standing Committees — Planning, Accounts, Health and Finance, at 11 am on Mar. 13 (Monday). Accordingly, MCC Commissioner G. Lakshmikantha Reddy , Council Secretary Rangaswamy and Congress and JD(S) Corporators waited at the MCC Hall for the election process to begin.

But Mayor Shivakumar and BJP Corporators did not turn up which angered the opposition parties. As there were no signs of the Mayor and the ruling BJP Corporators turning up, the MCC Commissioner and other officials left the Hall after 1 pm. But former Mayor Ayub Khan of the Congress, JD(S) Corporator Ashwini Ananthu and others waited for an extra half an hour anticipating that the Mayor and BJP Corporators would turn up. But that was not to be and everyone walked out of the Hall after 1.30 pm, venting out their anger against the attitude of the ruling BJP.

Ayub Khan said that the members to all the Standing Committees were selected on Sept. 9 last year. However, no polls have been held for electing the heads of the Standing Committees, which has taken a toll on the city's developmental works.

Alleging that the BJP seems to have no interest for electing the heads of Standing Committees, he maintained that this has rendered injustice to city residents who want all ongoing works to be completed on time and rid them of inconvenience caused by unfinished works.

Accusing the BJP of subverting the democratic process, Ayub Khan argued that it is intriguing to note that election to the Standing Committees has not been held even after the current Mayor was elected seven months ago. The undue delay in the polls has stalled the development works for which the Mayor and the BJP are only to be blamed, he added.

Meanwhile, Mayor Shivakumar said that he could not attend the MCC meeting to elect the heads of Standing Committees as he was unwell. Speaking to *Star of Mysore* yesterday, Shivakumar said that he began feeling uneasy since yesterday morning, following which he visited a hospital for a health check-up. Maintaining that his fellow BJP Corporators did not attend the meeting as he himself did not for health reasons, he admitted that though it is true that a notification was issued for the conduct of polls on Monday, his health did not permit him to take part in the electoral process.

Amidst this, sources said that with the Assembly polls just a few weeks away, the ruling BJP did not want to identify itself with JD(S) as most BJP leaders believed that going with JD(S) would send a wrong signal to voters.

Rider killed as two scooters collide

Mysuru, Mar. 14- A two-wheeler rider, who had sustained serious injuries in a collision between two scooters, has succumbed to injuries at a private hospital in city.

The deceased is Manjunath (21), a student from Hunsur. Those injured are 21-year-old Ganesh of Chamarajanagar, classmate of Manjunath and another two-wheeler rider Vijay Kushalappa.

On Mar. 10 at about 10.40 pm, Manjunath, with Ganesh riding pillion, was proceeding on his Honda Dio scooter (KA-54-Q-2690) from Surya Bakery towards Vijayanagar Water Tank when Kushalappa, who too was riding a scooter (KA-09-HY-2718) rammed into the scooter Manjunath was riding while trying to overtake a car near Indira Nursing Home, resulting in all the three sustaining injuries.

Manjunath, who had sustained more injuries, was admitted to a private hospital, where he breathed his last.

V.V. Puram Traffic Police have registered a case.

Online fraud: Three duped of Rs. 96,837

Mysuru, Mar. 14- Three persons including two students have been duped of Rs. 61,837 by online fraudsters. While the students were cheated after luring them into investing by promising high profits, another person was cheated on the pretext of getting his PAN card updated.

The students, who have been duped are 23-year-old P. Ganesh of Vijayanagar 3rd Stage and 22-year-old N.S. Shashank of Manchegowdanakoppal while another person who was also cheated is 39-year-old Anilkumar of Kuvempunagar, all from city.

After luring Ganesh and Shashank, the online fraudsters had made the two invest Rs. 35,000 and Rs. 19,439 respectively in Costa Savings App. Though the app showed that they had earned profits, they were unable to withdraw the money as the fraudsters had blocked the same by integrating the payment gateway, thus cheating them.

Meanwhile, Anilkumar received a online link with a message asking him to update his PAN card. When Anilkumar clicked on the link and entered the information, a total of Rs. 42,398 was withdrawn from his Bank account.

City's CEN Police, who have registered these cases, are investigating.

Karnataka Assembly Elections

Congress likely to announce first list of candidates on Mar. 17

Siddharamaiah

Bengaluru, Mar. 14 (TRR)- Congress Legislature Party Leader and former Chief Minister Siddharamaiah has said that the first list of Congress party candidates for the forthcoming Assembly elections in the State is likely to be announced on Mar. 17. Siddharamaiah was speaking to press persons at Davangere yesterday.

"The ability to win will be the basic yardstick for the selection of party candidates. The Central Election Committee meeting of the Congress party will be held on Mar. 17 and the first list of party candidates is likely to be announced on the same day," said the former Chief Minister, who is also the Opposition Leader in the Assembly.

It may be recalled here that Karnataka Pradesh Congress Committee (KPCC) President D.K. Shivakumar had said a few days back the Screening Committee has reviewed the list of party ticket aspirants and will soon send its recommendations to All India Congress Committee (AICC).

The Congress is eyeing to win a minimum of 150 seats in the 224-member Karnataka Legislative Assembly. In the last Assembly elections held in 2018, BJP had won 104 seats, Congress 78 and JD(S) 37 seats.

JD(S) has already announced its first list of 90 candidates while the BJP and Congress are yet announce their list even as all the three major political parties have launched a vigorous and full-fledged campaign.

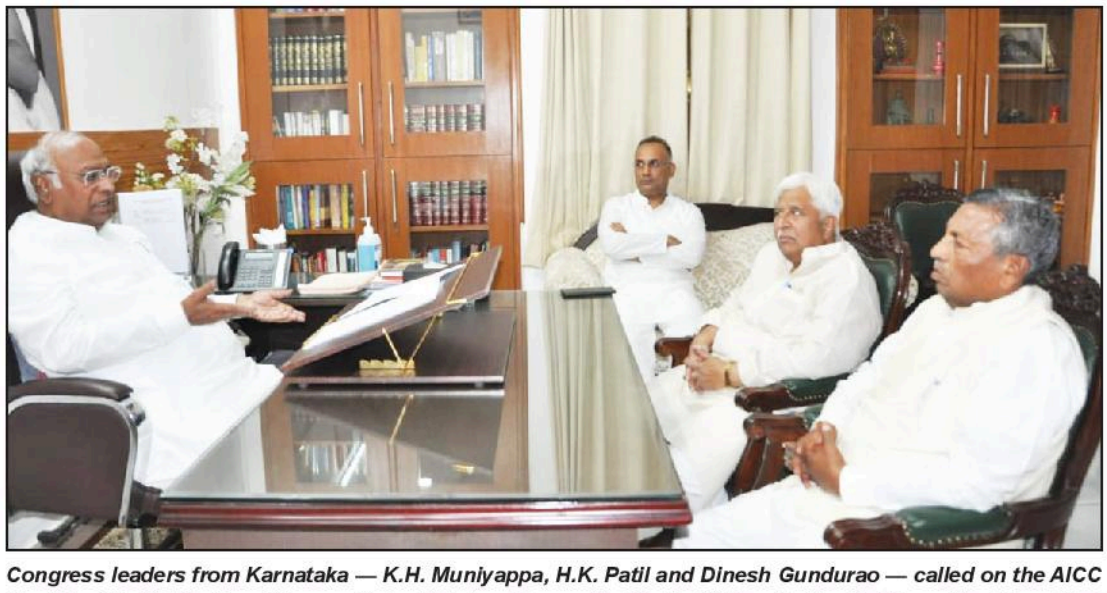
BJP's Vijaya *Sankalpa Yatra*, Congress's *Prajadvani Yatra* and JD(S)'s *Pancharatna Yatra* are traversing across the State to lure voters with attractive pre-poll promises.

Meanwhile, a delegation of Central Election Commission (CEC) was on a 3-day visit to the State to review the poll preparations had expressed its readiness to hold the elections in the State.

Chief Election Commissioner Rajiv Kumar had convened a press conference at Vidhana Soudha and shared information about the measures being taken by the CEC to conduct a free and fair election in the State and also disclosed that for first time, persons aged above 80 years and physically challenged can vote from the comforts of their home.

Rajiv Kumar assured that Electronic Voting Machines (EVMs) cannot be tampered by anybody and they will not be changed, he said while rejecting the appeal of Congress party that EVMs used in recently held Gujarat Assembly polls should not be used in Karnataka State Assembly polls.

State leaders call on Kharge in Delhi



Congress leaders from Karnataka — K.H. Muniyappa, H.K. Patil and Dinesh Gundurao — called on the AICC President M. Mallikarjuna Kharge at his official residence, No. 10, Rajaji Marg in New Delhi, on Mar. 13 and had discussions over the forthcoming State Assembly election. *[Pic. by M.M. Joshi]*

Pradhan Mantri TB Mukt Abhiyaan

Raghavan of Raghulal & Co. among many feted by Governor

Governor Thaawarchand Gehlot, flanked by Rajya Sabha MP Lehar Singh Siroya** (to his left) **and Health and Family Welfare Department Principal Secretary T.K. Anil Kumar** (to his right), **felicitated N. Raghavan of Raghulal & Co., Mysuru** (sitting second from right), **along with others at Raj Bhavan in Bengaluru yesterday.

Bengaluru, Mar. 14 (BS)- Governor Thaawarchand Gehlot has congratulated the good-hearted people who have joined hands for Pradhan Mantri TB Mukt Bharat Abhiyaan. They were felicitated at a programme organised by Department of Health and Family Welfare, National Health Mission (NHM), Karnataka TB Unit and Raj Bhavan at the Banquet Hall of Raj Bhavan here yesterday, to honour 'those who adopt TB patients and Ni-Kshaya Mitra (Donors).'

N. Raghavan of Raghulal and Co., Pharmacist, Mysuru; Rajya Sabha Member Lehar Singh Siroya; S.P. Hemalatha (wife of Minister K. Gopalaiah); Managing Director of Mandya Milk Union Limited Dr. P.R. Manjesh; Girish Krishnamurthy of Tata Medical and Diagnostics; Dr. Farooq Ahmed of Jeevith Enterprises were among several others who were honoured on the occasion.

Speaking on the occasion, the Governor said: "Prime Minister Narendra Modi has given a call for public participation for 'Tuberculosis Free India.' It is our utmost duty to convert Pradhan Mantri TB Mukt Bharat Abhiyaan into a people's movement. According to Sustainable Development Target of United Nations, several countries in the world have set a target to be TB Free by the year 2030. However, Prime Minister Modi has aimed to make India TB Free by the year 2025. Complying with the target, the Karnataka State has formulated 'Kshaya Mukta Karnataka-2025' programme."

Through 'Ni-Kshaya 2.0' portal, the measures taken to provide community participation to TB patients are really commendable. As many as 13.5 lakh TB patients have registered on the portal and nine lakh active TB patients among them have given their approval for adoption. The Ni-Kshaya digital portal is providing a platform for those ailing from TB to seek community support. The general public, NGOs, corporate firms and elected representatives must support TB Mukt Bharat Abhiyaan by becoming 'Ni-Kshaya Mitra', said Governor Gehlot.

"Saving a life is considered as one of the best of human services. Under 'Ayushman Bharat' considered as the world's largest health programme and Arogya and Kshema Kendras too, vast services related to TB have been included. There has been a fall in TB cases due to the efforts of State Government. I congratulate Ministers, Officers and staff in this regard," he said.

Explaining further, Governor Gehlot said, "Of the total 39,745 TB patients identified in Karnataka, 25,895 patients have consented for caring and 25,110 patients among them have been adopted. Raj Bhavan has also adopted 100 TB patients from 10 districts including Mysuru."

Rajya Sabha MP Lehar Singh, who has adopted 500 TB patients, shared his views on the occasion.

T.K. Anil Kumar, Principal Secretary, Department of Health and Family Welfare, Dr. Y. Naveen Bhat, Director, NHM and others were present at the felicitation ceremony.

Committed social service recognised

Mysuru, Mar. 14 (BS)- The social services of N. Raghavan, Proprietor of Raghulal & Co., Mysuru, who has made a name in pharmacy sector, are memorable. From contributing his mite silently for the expansion of green cover by planting and nurturing hundreds of trees and assistance to roadside vendors, Raghavan has been rendering many yeoman services.

Accordingly, Raghavan has joined hands for Pradhan Mantri TB Mukt Abhiyaan by adopting hundreds of TB patients and providing nutrition rich powder for them.

Expressing his joy over receiving the honour along with several other dignitaries at Raj Bhavan yesterday, Raghavan said, "Of those succumbing to TB in the world, 34 percent are Indians, which is calculated at

N. Raghavan and his wife Radhika seen with the Governor.

4 lakh deaths per year. However, the death rate (due to TB in India) is low for now, but Prime Minister Modi has launched an Abhiyaan to make TB Mukt Bharat by 2025. As part of the Abhiyaan, Modi had given a call to adopt TB patients for nine months and provide the required nutritional food and other products. Crores of people have joined hands in this regard."

"I have been providing nutrition rich powder to 300 TB patients and will be extending it to 500 patients next. According to doctors' advise, TB patients must compulsorily take medicine for six to nine months. Some among them reach critical condition by not completing the course, due to lack of money and other reasons. Hence, the Government has devised a programme to identify such patients and credit money directly to their bank accounts to buy medicine. Pharmacists have to collect the Aadhaar number, cell number and details of doctors treating the TB patients, who buy medicines from shops and submit a report every month to the Drug Controller, District Health and Family Welfare Officer and District TB Eradication Officer. Considering this as a cumbersome job, some won't sell TB medicines only," he said.

Dismantling of Lakshmi Talkies begins

Workers dismantling the roof of Lakshmi Talkies building this morning.

Mysuru, Mar. 14 (RK&BS)- The works on dismantling landmark Lakshmi Talkies building on Chamaraja Double Road in the city, has begun this morning.

Jayanth Subramanian, the owner of the Talkies, said: "The screening was suspended in June 2021, during the second wave of COVID-19 pandemic. As the structure is 76-year-old, the works have been taken up to dismantle some of the basic infrastructural facilities like seats, projector, wooden beams and other articles. The experts opinion will be taken before deciding on using the building for other purposes."

It may be mentioned that Lakshmi Talkies was one of the very few single screen theatres in the Central Business District that had withstood the competition from multiplexes. However, COVID-19 pandemic that hit many businesses hard, portended danger for single screens too.

In the recent years, the shutting of single screen theatres began with Shantala Theatre on nearby Narayan Shastri Road, followed by Saraswathi Theatre on Kantharaja Urs Road, K.G. Koppal.

Sri Nagaraja in Mandi Mohalla also stopped screening and a part of the building was also demolished to pave way for road-widening works.

While Opera Talkies on Sri Harsha Road was demolished overnight soon after the screening was stopped, Ranjit on Mother Teresa Road (B.N. Road) was razed to build a Mall. Many other single screen theatres have already faded into oblivion, with a very few remaining to tell the tale of bygone era.

The second class** (ground floor) **section of Lakshmi Talkies on Chamaraja Double Road, looks bare with the removal of seats and screen and other articles, during the dismantling of the building, today.

After Modi's visit, Mandya JD(S) Legislators and leaders meet H.D. Deve Gowda

Bengaluru, Mar.14 (Vinay Karekura&DM)- Apparently worried over the success of Prime Minister Narendra Modi's visit to Mandya on Sunday, JD(S) Supremo and former Prime Minister H.D. Deve Gowda convened a meeting of party Legislators and leaders of the district at Bengaluru on Monday, a day after the PM's visit to Mandya.

Deve Gowda invited JD(S) Legislators and leaders from Mandya district, considered as the bastion of the Party for decades, to his Padmanabhanagar residence and had a over three-hour-long meeting.

MLAs C.S. Puttaraju, D.C. Thammanna, Ravindra Srikantaiah, Annadani, Suresh Gowda and M. Srinivas, leaders Appajigowda, D. Ramesh and others were present. Sources said that, during the meeting, the former PM advised the leaders to work with an aim to win all the seven Assembly segments in Mandya district.

Speaking to *Star of Mysore*' regarding the meeting that they had with former PM H.D. Deve Gowda yesterday, Srirangapatna MLA Ravindra Srikantaiah dismissed reports that the JD(S) Supremo convened the meeting in a hurry to discuss the political fallout of Modi's visit to Mandya. Asserting that the party Legislators and leaders of Mandya district went together to meet H.D. Deve Gowda to discuss with him on the prospects of holding the valedictory rally of JD(S) *Pancharatna Yatra* at Tubinakere near Mandya on Mar. 26, Ravindra said that, however, Gowda told them that the rally has already been scheduled to take place at Mysuru on Mar. 26 and all should ensure its success.

Later, they appealed the former PM to hold a road show in Mandya and Srirangapatna ahead of the valedictory rally, to which he replied that he would definitely hold a road show sitting in his car, if only his health permits.

"It is true that Deve Gowda discussed the current Mandya politics with us for some time. He also said that the BJP's plans to arouse communal feelings by glorifying fictional characters such as Urigowda and Nanjegowda, should be nipped in the bud. He advised us to work out plans to counter the BJP and the Congress by sensitising the voters on the plans, programmes and projects which the JD(S) has given to the people of Mandya when it was in power. He also asserted that farmers and the Vokkaliga community would not ditch the JD(S) for any reason and as such the party leaders of Mandya need not be unduly worried by Modi's visit. He further suggested that the leaders should focus on development and reaching out to the voters and nothing else," he said while cautioning them against entering into unnecessary or unwarranted controversies or confusions when the polls are round the corner.

Ravindra Srikantaiah further said that they will work for the success of the JD(S) mega rally to take place at Mysuru on Mar. 26, in which over 10 lakh party workers are expected to take part.

Toll Plazas open amid protests

(Continued from page 1)

At another Toll Plaza near Sheshagirihalli, Ramanagar, a section of Congress party workers protested collection of toll, besides raising slogans against BJP led State and Central Governments for imposing the toll even as works on basic infrastructural facilities, mainly service road remain to be completed. They sat in the middle of the Highway and held empty milk cans, waved black flags opposing the imposition of toll. They alleged that the toll is also high burning the pockets of commuters of private vehicles (cars, LMVs and HMVs).

The protesters also engaged in a wordy duel with the Police for sometime. As the agitators refused to budge, the Police had to detain some of them and whisked them away in two KSRTC buses, thus facilitating the traffic movement.

Meanwhile, Chief Minister Basavaraj Bommai, who claimed to be seized of the matter, said that he has also directed the authorities concerned to redress the issues.

It may be mentioned that NHAI had earlier decided to start collecting toll from Feb.28, but was deferred to Mar.14, in the wake of opposition from various quarters.

The toll on 118-km Expressway is expected to go up further, once the toll is introduced on Nidaghatta - Mysuru section too, the works of which are still ongoing, under the second package, in the coming days.

Toll charges

The vehicles have been categorised into six types. To travel on the Highway, car owners will have to pay Rs. 135 for a single trip on Bengaluru-Nidaghatta section, Rs. 205 for the return journey within a day. The toll for mini bus is Rs. 220 and for buses Rs. 460 (single journey).

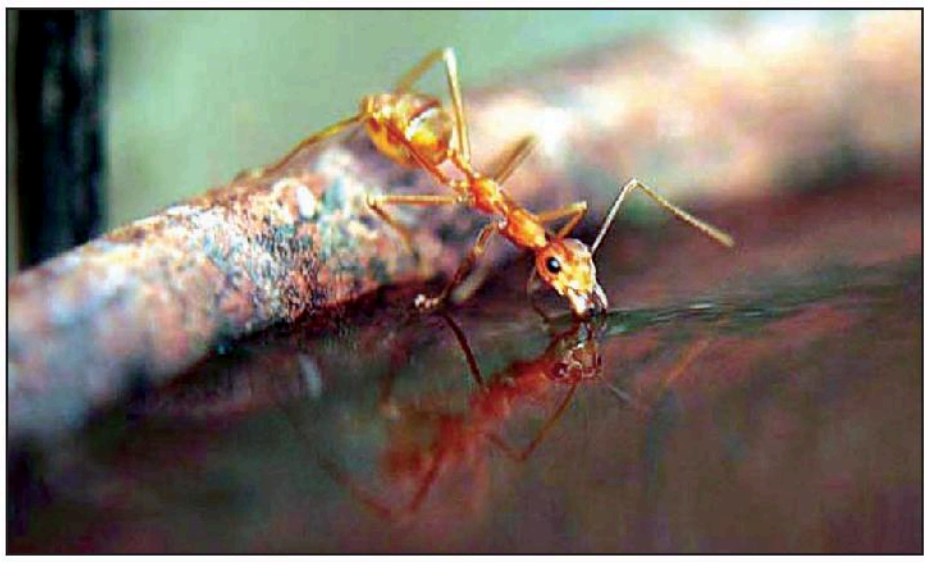
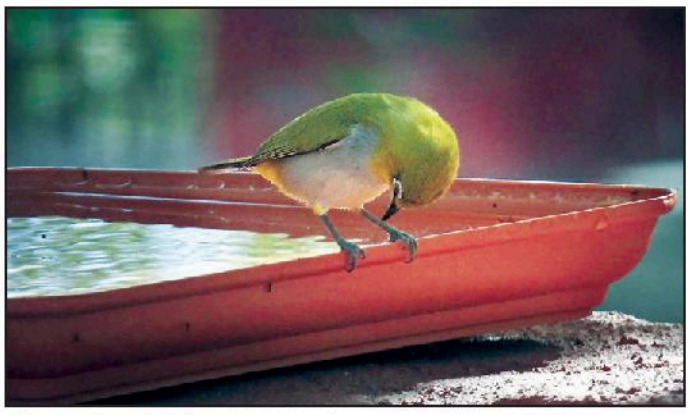
Share the Water





The above photographs of birds visiting the water baths were clicked by the author in his compound.

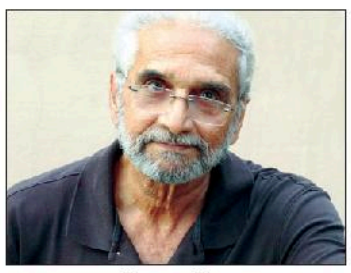
Summer is fast arriving. Days are getting warmer; lakes and ponds are going low on storage and water scarcity is fast approaching.

We, humans, have made good arrangements for our supply of water even through scarcity spells. What about the creatures around us, like birds, mammals, and reptiles? They also need water to quench their thirst in the drier months. We have totally destroyed and degraded their natural water sources like ponds and creeks.

It is up to us humans to be concerned for this planet's fellow creatures. The least we can do is offer them drinking water. But how?

Just place a few earthen troughs of clean water in your gardens and terrace. Initially, for a few days, there may not be any takers. Birds are very sensitive and do not trust humans easily. But as they gain confidence, they start accepting your gracious gesture and start visiting the birdbath regularly.

Watch the birds visit your place to quench their thirst



Ragoo Rao

and also bathe.

The different species of birds that will start visiting your birdbath, will really baffle you. You will start wondering about the birds that you had never sighted in the area earlier are all sighted now, with a small gesture; like placing a few water troughs for them.

This is not just being kind and concerned to the fellow creatures, but it is a great learning for the families. The children start watching them and learn more about the birds. This impresses them at a young age to have respect and concern for all life on this planet. They will even try to know the names of the birds and discover more about their life. It is an education for young minds to discover their natural surroundings and learn how to conserve nature.

Apart from birds, many reptiles like Garden lizards, small mammals like Squirrels, and insects like Ants, Wasps and Butterflies will also visit your place.

A small concern, shown by placing a few water troughs, will change your compound into a natural small ecosystem. Watching them accept your kindness will bring joy to your minds.

Sharing with others brings joy. The picture shows many species of birds, you had never sighted that will visit you and bless you.

College students help birds quench their thirst

Use old helmets to place water, food for winged creatures

Mysuru, Mar. 14 (GA&SSM)- With the city experiencing a rise in mercury levels and the atmospheric temperature, the NSS students of Seshadripuram College in Hebbal have taken up an initiative to help birds survive the heat by keeping water inside the old helmets at open spaces.

The soaring heat is not only difficult for the human beings who struggle to keep themselves hydrated but it is gruelling for birds and animals too. The spell of dry weather and soaring mercury levels has increased demand for water that is lacking at the same time. The idea of helping birds and animals to quench their thirst arose from **Seshadripuram College NSS Programme Officer Raghavendra.** He later guided the students of the College who are now actively motivating other students to join their hands in this work.

Collection of old helmets

At first, the students thought of placing water inside the new plastic boxes. But thinking about the possibilities of thefts of new boxes while they are placed in open spaces, an idea of collecting old helmets to make the initiative a successful one came across. Following which old helmets were collected from Police Stations, Railway Stations, parking lots etc.,

Cleanliness, the main motto

Any work without cleanliness is waste. The main motto of the initiative was to maintain hygiene and cleanliness. Likewise, collected helmets were brought to the college and the scrunch inside the helmets were removed and was cut in a cup shape. All the helmets were cleaned and water was filled inside the helmets before placing it at several places including parks in the Hebbal area.

Seshadripuram College has adopted a few parks at Lakshmikanthanagar in Hebbal and are taking care of its maintenance. Students have placed the helmets on several trees across the park and are filling water inside it every day and placing food at the same time making sure that birds can easily access it.

The work initiated by the students is inspiring people around them as they are completely prepared to ease the thirst of birds by helping them to beat the heat in the soaring summer.

WORD OF THE DAY

Foray

Pronunciation: FOR-ay
Meaning: A foray is an initial and often tentative attempt to do something in a new or different area of activity, as in "the novelist's foray into nonfiction." In martial contexts, foray means "a sudden or irregular invasion or attack for war or spoils."
Origin: For centuries, foray referred only to a sudden or irregular invasion or attack, but in the late 19th century it began to venture into gentler semantic territory. While the newer sense of foray still involves a trek into a foreign territory, the travel is figurative: when you make this kind of foray, you dabble in an area, occupation, or pastime that's new to you. Take the particularly apt example (stay tuned) of mushroom hunting. The likely ancestor of foray is an Anglo-French word referring to the violent sort who do invasion forays, but that word could also refer to a forager — that is, one who wanders in search of food. (Forage has the same etymological source.) Interestingly, foray has seen a resurgence of use connected to its foraging roots, as evidenced by the growing popularity of mycophile-led mushroom "forays" that have been lately popping up like toadstools...
Example: My first foray into Marie Kondo's efficient way of living began when I bought an incredibly messy former roommate her breakout book *The Life-Changing Magic of Tidying Up* a few years ago. (It's safe to say that neither of us ended up reading it, and the book got lost within his 'stuff' pile.)" —Maria Geyman, Vogue, 9 Dec. 2022.

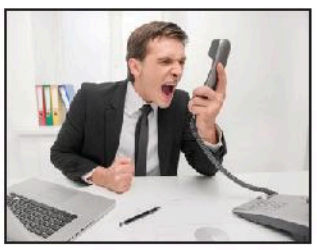
PHRASE OF THE DAY

Fly off the Handle



Meaning: The expression "Fly off the Handle" is used to indicate that someone has become irrationally angry due to a complete loss of self-control.
Origin: "Fly off the Handle" is an American phrase that alludes to the way that an axe head can fly off its handle if it becomes loose. The expression was first seen in print in 1834, in Thomas C. Haliburton's The Attaché; or, Sam Slick in England: "He flies right off the handle for nothing."
Example: 'Try not to make Sam mad. He has a tendency to fly off the handle at the slightest provocation.'

QUOTE BOX

Peace is not absence of conflict, it is the ability to handle conflict by peaceful means. **—Ronald Reagan**

Sudoku is a number-placing puzzle based on a 9x9 grid with several given numbers. The object is to place the numbers 1 to 9 in the empty squares so that each row, each column and each 3x3 box contains the same number only once. The difficulty level of the Concept is Sudoku increases from Monday to Sunday.

CRYPTOQUIP

The Cryptoquip is a substitution cipher in which one letter stands for another. If you think that X equals O, it will equal O throughout the puzzle. Single letters, short words and words using an apostrophe give you clues to locating vowels. Solution is by trial and error.
